CEO'S LETTER TO THE SHAREHOLDERS

Dear Shareholders and Stakeholders,

When I was offered the opportunity to become the Chief Executive Officer of Leading Edge Materials in May last year the world had just been upended by the COVID pandemic and clean energy raw material stocks were suffering from a multi-year decline in sentiment. Today, less than 12 months later, vaccination programs are being rolled out across the globe and companies focused on raw materials that drive the transition to climate neutrality are attracting significant interest again.

After an initial short-lived fall in demand and supply chain distortions momentum shifted dramatically during the second half of 2020. Governments around the world increased efforts to stimulate their economies due to the pandemic with the EU continuing supporting its Green Deal which is looking to mobilize €1trn of investments over the next decade. In the US, the new presidency under Joe Biden signed a number of climate related executive orders and more recently passed a \$1.9trn stimulus package skewed towards green investments. This combined with increasing demand for electric vehicles and limited supply of key battery materials, including cobalt and lithium, which have then experienced strong moves upward since the beginning of this year. Similarly, prices for key magnet rare earth elements such as neodymium, praseodymium, dysprosium and terbium have risen sharply year on year due to strong demand and limited supply.

The pandemic also proved to be an alarm bell for over-reliance on single third countries for critical supplies. In September the European Commission launched an action plan on critical raw materials and formed the European Raw Materials Alliance to establish more resilient and sustainable value chains for critical raw materials that underpin the transition to climate neutrality. A number of media reports in 2021 have again underlined the risk of China limiting or cutting off supply for rare earth elements. At the same time, China proposed new regulations further cementing its control over the domestic rare earth industry.

On the corporate side, the Company in August raised \$3.5m in a private placement with continued support from long-term shareholders. Later in the year, two preliminary economic assessment studies were initiated on our Swedish projects.

For Woxna, the study is about demonstrating the potential added economic benefit of producing an active anode material for the lithium-ion industry based on last few years development of the required downstream processes. Woxna benefits from access to low cost green hydropower which offers a competitive advantage as sustainability is becoming increasingly important. To demonstrate this advantage we have also commissioned a life cycle assessment on the envisioned production from Woxna which aligns with the sustainable battery regulation announced by the European Commission in late 2020 that will enforce carbon footprint declarations on any batteries placed on the European market. There has been a constant flow of battery factory capacity announcements, most recently by Volkswagen announcing plans for six 40GWh battery plants by 2030 in Europe alone. With a built mine looking to add the downstream value add processing, and an ideal location logistically in Sweden, Woxna is in the right time and place to benefit from the expected exponential growth in graphite anode demand over the next decade.

For Norra Karr, the study is about maximizing the resource efficiency whilst minimizing the environmental footprint of the project in order to regain a social license in addition to potential improvements in the

economics of the project. Norra Karr is one of few heavy rare earth element projects of its kind globally, and the only project in Europe that could supply significant amounts of critical permanent magnet rare earths such as dysprosium and terbium. As Europe is urgently looking to support the development of its own rare earth magnet value chain to reduce reliance on China, Norra Kärr could be a key piece to solve that puzzle.

The results from these two studies, which are expected in the near future, will provide the basis for the next steps in development for each project. So we are looking at a very active remainder of 2021. Importantly, the studies will provide the details of what the investment case looks like for the projects which can then be communicated to the broader investment community.

Lastly, we entered an agreement to sell 100% of the Bergby Lithium project at attractive terms allowing us to direct all resources on our main two projects whilst continuing to wait for a final decision on the granting of an exclusive exploration license in Romania.

In summary, the new Board and Management in place since last spring is operating under the highest conviction that the steps described above and the plan going forward is the best way to create shareholder value. As such, the Company benefits from a high insider ownership and continued strong support from its shareholder base. I believe the Company is uniquely positioned to offer a highly convex exposure to the clearly emerging trends and stated political and social goals in the EU.

We are looking forward to the outcomes of the two PEA studies, expected shortly. Clearly, the best immediate path to create shareholder value is the responsible development of our two principal assets in Sweden, and we are incredibly excited to execute on this.

Yours Sincerely,

/s/ "Filip Kozlowski"

Voting of Proxies and Exercise of Discretion by Proxyholders

All Common Shares represented at the Meeting by properly executed proxies will be voted on any ballot that may be called for and, where a choice with respect to any matter to be acted upon has been specified in the instrument of proxy, the Common Shares represented by the instrument of proxy will be voted in accordance with such instructions. The management designees named in the accompanying instrument of proxy will vote or withhold from voting the Common Shares in respect of which they are appointed in accordance with the direction of the Shareholder appointing him or her on any ballot that may be called for at the Meeting. **In the absence of such direction, such Common Shares will be voted "FOR" the proposed resolutions at the Meetings. The accompanying instrument of proxy confers discretionary authority upon the persons named therein with respect to amendments of or variations to the matters identified in the accompanying Notice and with respect to other matters that may properly be brought before the Meeting.** In the event that amendments or variations to matters identified in the Notice are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the management designees to vote in accordance with their best judgment on such matters or business. At the time of printing this Management Proxy Circular, the management of the Corporation knows of no such amendment, variation or other matter to come before the Meeting other than the matters referred to in the accompanying Notice.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED ON

Except as disclosed elsewhere in this Management Proxy Circular, none of the directors or senior officers of the Corporation at any time since the beginning of the Corporation's last financial year, nor any proposed nominee for election as a director of the Corporation, nor any associate or affiliate of any of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on, other than the election of directors. Directors and executive officers may be interested in the annual approval of the Stock Option Plan as detailed below. See "Particulars of Matters to be Acted Upon – Ratification and Re-Approval of Stock Option Plan".

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

Voting Shares, Record Date and Principal Shareholders

As at the date of this Management Proxy Circular, the authorized share capital of the Corporation consists of an unlimited number of Common Shares without par value and an unlimited number of preferred shares without par value. The record date for the determination of Shareholders entitled to receive notice of, and to vote at, the Meeting is March 17, 2021 (the "Record Date"). As at the Record Date, there were 146,960,500 Common Shares issued and outstanding as fully paid and non-assessable, each carrying the right to one vote, and no preferred shares issued or outstanding.

To the knowledge of the directors and senior officers of the Corporation, the following are the only persons or companies who beneficially own, directly or indirectly, or exercise control or direction over, shares carrying 10% or more of the voting rights attached to all outstanding shares of the Corporation as of the close of business on March 17, 2021:

<u>Name</u>	<u>Number of Shares</u>	<u>Percentage</u>
Eric Krafft (Director of the Corporation)	46,704,404	31.78%

Common Shares

The holders of Common Shares are entitled to notice of and to vote at all annual general meetings and special meetings of shareholders (except meetings at which only holders of a specified class or series of shares are entitled to vote) and are entitled to one vote per Common Share. The holders of Common Shares are entitled to receive such dividends as the board of directors of the Corporation (the "Board of Directors" or the "Board") declares and, upon liquidation, to receive such assets of the Corporation as are distributable to holders of Common Shares.

Voting of Common Shares – General

Only Shareholders whose names are entered in the Corporation's register of shareholders at the close of business on the Record Date and holders of Common Shares issued by the Corporation after the Record Date and prior to the Meeting will be entitled to receive notice of and to vote at the Meeting, provided that, to the extent that: (i) a registered Shareholder has transferred the ownership of any Common Shares subsequent to the Record Date; and (ii) the transferee of those Common Shares produces properly endorsed share certificates, or otherwise establishes that he or she owns the Common Shares and demands, not later than ten days before the Meeting, that his or her name be included on the Shareholder list before the Meeting, in which case the transferee shall be entitled to vote his or her Common Shares at the Meeting.

On a show of hands, every individual who is present and is entitled to vote as a Shareholder or as a representative of one or more corporate Shareholders, or who is holding a proxy on behalf of a Shareholder who is not present at the Meeting, will have one vote, and on a poll every Shareholder present in person or represented by a proxy and

every person who is a representative of one or more corporate Shareholders, will have one vote for each Common Share registered in his, her or its name.

Voting of Common Shares – Advice to Non-Registered Holders

Only registered holders of Common Shares, or the persons they appoint as their proxies, are permitted to attend and vote at the Meeting. However, in many cases, Common Shares beneficially owned by a holder (a "Non-Registered Holder") are registered either:

- a) In the name of an intermediary (an "Intermediary") that the Non-Registered Holder deals with, in respect of the Common Shares. Intermediaries include banks, trust companies, securities dealers or brokers, and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or
- b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited or "CDS").

In accordance with the requirements of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("NI 54-101") of the Canadian Securities Administrators, the Corporation has distributed copies of the Notice, Management Proxy Circular and the instrument of proxy (collectively, the "Meeting Materials") to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward meeting materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Typically, Intermediaries will use a service corporation (such as Broadridge Financial Solutions, Inc. ("Broadridge")) to forward meeting materials to Non-Registered Holders.

Generally, Non-Registered Holders who have not waived the right to receive meeting materials will:

- a) have received as part of the Meeting Materials a voting instruction form which must be completed, signed and delivered by the Non-Registered Holder in accordance with the directions on the voting instruction form; voting instruction forms sent by Broadridge permit the completion of the voting instruction form by telephone or through Internet based voting procedures; or
- b) less typically, be given a proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature) which is restricted as to the number of Common Shares beneficially owned by the Non-Registered Holder but which is otherwise uncompleted. This form of proxy need not be signed by the Non-Registered Holder. In this case, the Non-Registered Holder who wishes to submit a proxy should otherwise properly complete the form of proxy and deposit it with Computershare Investor Services Inc. at the address referred to above.

The purpose of these procedures is to permit Non-Registered Holders to direct the voting of the Common Shares they beneficially own. Should a Non-Registered Holder wish to attend and vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should strike out the names of the persons named in the proxy and insert the Non-Registered Holder's (or such other person's) name in the blank space provided or, in the case of a voting instruction form, follow the corresponding instructions on the form. **In either case, Non-Registered Holders should carefully follow the instructions of their Intermediaries and their service companies.**

This Management Proxy Circular and accompanying materials are being sent to both registered Shareholders and Non-Registered (beneficial) Shareholders. Beneficial shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own ("Objecting Beneficial Owners", or "OBOs") and those who do not object to their identity being made known to the issuers of the securities they own ("Non-Objecting Beneficial Owners", or "NOBOs"). Subject to the provision of NI 54-101 issuers may request and obtain a list of their NOBOs from Intermediaries via their transfer agents. Pursuant to NI 54-101, issuers may obtain and use the NOBO list for distribution of proxy-related materials directly (not via Broadridge) to such NOBOs. If you are a

beneficial shareholder, and the Corporation or its agent has sent these materials directly to you, your name, address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf. The Corporation's OBOs can expect to be contacted by Broadridge or their brokers or their broker's agents as set out above.

The Corporation has decided to take advantage of the provisions of NI 54-101 that permit it to deliver the Meeting Materials directly to its NOBOs. By choosing to send these materials to you directly, the Corporation (and not the Intermediary holding shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. As a result if you are a NOBO of the Corporation, you can expect to receive a scannable Voting Instruction Form ("VIF") from the Transfer Agent. Please complete and return the VIF to the Transfer Agent in the envelope provided or by facsimile. The Transfer Agent will tabulate the results of the VIF's received from the Corporation's NOBOs and will provide appropriate instructions at the Meeting with respect to the common shares represented by the VIF's they receive.

The Corporation is not sending its proxy-related materials to the registered Shareholders or Non-Registered (beneficial) Shareholders using "notice and access", as defined in NI 54-101.

The Corporation does not intend to pay for Intermediaries to deliver the proxy-related materials and Form 54-101F7 to OBOs, as defined under NI 54-101. As a result, OBOs will not receive the Meeting Materials unless the OBOs intermediary assumes the costs of delivery.

Only registered Shareholders have the right to revoke a proxy. Non-Registered Holders who wish to change their vote must in sufficient time in advance of the Meeting, arrange for their respective Intermediaries to change their vote and if necessary revoke their proxy in accordance with the revocation procedures set above.

- (a) is, or during the ten years preceding the date of this Information Circular has been, a director, chief executive officer or chief financial officer of any company, including the Corporation, that:
 - (i) was subject to an order that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer; or
 - (ii) was subject to an order that was issued after the proposed director ceased to be a

director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer;

- (b) is, or during the ten years preceding the date of this Information Circular has been, a director or executive officer of any company, including the Corporation, that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager, or trustee appointed to hold its assets; or

For the purposes of paragraphs (a)(i) and (a)(ii) above, an “order” means: (i) a cease trade order; (ii) an order similar to a cease trade order; or (iii) an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days.

Mr. Major was a Director of Century Mining Corporation on May 27, 2012, when the Superior Court of Québec appointed a receiver to take control of its assets.

Conflicts of Interest

The directors and officers of the Corporation may, from time to time, be involved with the business and operations of other issuers, in which case a conflict of interest may arise between their duties as officers and directors of the Corporation and as officer and directors of such other companies. Such conflicts must be disclosed in accordance with, and are subject to such procedures and remedies, as applicable, under the *Business Corporations Act* (British Columbia).

STATEMENT OF EXECUTIVE COMPENSATION

In accordance with the requirements of National Instrument 51-102 *Continuous Disclosure Obligations*, the Canadian Securities Administrators have issued guidelines on executive compensation disclosure for venture issuers as set out in Form 51-102F6V. The objective of the disclosure is to communicate the compensation the Corporation paid, made payable, awarded, granted, gave or otherwise provided to each named executive officer and director for the financial year, and the decision-making process relating to compensation. The disclosure will provide insight into executive compensation as a key aspect of the overall stewardship and governance of the Corporation and will help Shareholders understand how decisions about executive compensation are made. The Corporation’s approach to executive compensation is set forth below.

Director and Named Executive Officer Compensation

Executive compensation is required to be disclosed for each (i) Chief Executive Officer (or individual who served in a similar capacity during the most recently completed financial year), (ii) each Chief Financial Officer (or individual who served in a similar capacity during the most recently completed financial year), (iii) the most highly compensated executive officers (other than the Chief Executive Officer and the Chief Financial Officer) who were serving as executive officers at the end of the most recently completed fiscal year whose total compensation was, individually, more than \$150,000; and (iv) each individual who would meet the definition set forth in (iii) but for the fact that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of that financial year (the "Named Executive Officers" or "NEO's").

Stock Option Plans and Other Incentive Plans

The Corporation has no other incentive plans other than its stock option plan (the "Option Plan"). The Corporation has adopted a rolling stock option, which makes a total of 10% of the issued and outstanding shares at the date of grant of an option available for issuance thereunder.

The Option Plan, which is a significant component of executive compensation, was established to promote the profitability and growth of the Corporation by facilitating the efforts of the Corporation to retain and encourage key individuals and qualified parties to continue their association with the Corporation. The Option Plan provides that it is solely within the discretion of the Board to determine who should receive options and in what amounts. The options may have vesting provisions, as determined by the Board. Options may be granted for any term up to a maximum of ten years after the issuance of such options.

The following is a summary of the material terms of the Option Plan:

1. Stock options may be granted to directors, officers, employees and consultants of the Corporation or any subsidiary of the Corporation and to eligible charitable organizations.
2. The maximum aggregate number of Common Shares reserved for issuance pursuant to the exercise of options granted under the Option Plan shall be 10% of the outstanding issue as at the date of a stock option grant;
3. The aggregate number of options granted to any option holder in a twelve month period must not exceed 5% of the issued and outstanding Common Shares (unless the Corporation has obtained disinterested shareholder approval of such grants as required by the TSX Venture Exchange), and the maximum number of options which may be granted to insiders within any twelve month period must not exceed 10% of the issued and outstanding Common Shares of the Corporation (unless the Corporation has obtained disinterested shareholder approval of such grants as required by the TSX Venture Exchange).
4. The aggregate number of options granted to any one consultant of the Corporation within any twelve - month period must not exceed 2% of the issued and outstanding Common Shares of the Corporation.
5. Options granted to all persons retained to provide investor relations activities must not exceed 2% of the issued and outstanding Common Shares in any twelve month period, calculated at the date an option is granted to any such person, and such options are subject to vesting provisions.
6. The exercise price of the stock options, as determined by the Board in its sole discretion, shall not be less than the closing price of the Common Shares traded through the facilities of the TSX Venture Exchange on the date prior to the date of grant, less allowable discounts, and, in any event, the exercise price per share will not be less than \$0.10, in accordance with the policies of the TSX Venture Exchange or, if the Common Shares are or become listed on a senior stock exchange, then such senior stock exchange.
7. The term of the options will not exceed ten years. If the option holder ceases to be a director of the Corporation or ceases to be employed by the Corporation (other than by reason of death or termination for cause), as the case may be, then the option granted shall expire within 90 days following the date that the option holder ceases to be a director or ceases to be employed by the Corporation, or for those holders engaged in providing investor relations services, the options granted shall expire within 30 days following the date that the option holder ceases to provide such investor relations services, unless the Board or

committee of the Board authorized to act on the Board's behalf, at its own discretion, extends the expiry of such options.

8. In the event that the optionee, shall cease to be a director, senior officer, employee, management issuer employee, or consultant of the issuer for termination for cause, the option shall terminate and shall cease to be exercisable upon such termination for cause.
9. In the event of the death of an optionee, an option which remains exercisable may be exercised in accordance with its terms by the person or persons to whom such optionee's rights under the option shall have passed under the optionee's will or pursuant to law, for a period not exceeding the earlier of one year from the optionee's death and the original expiry date of such option.
10. A charitable option shall terminate and shall cease to be exercisable on the 90th day following the date that the holder of the charitable option ceases to be an eligible charitable organization.
11. If the option period for an option expires during a blackout period, the option period will be automatically extended to the date that is 10 business days after the expiry of the blackout period.
12. If and for so long as the shares are listed on the TSX Venture Exchange (excluding any senior stock exchange), options issued to consultants who perform investor relations activities will be subject to a vesting schedule of at least 12 months whereby no more than 25% of the options granted may be vested in any three month period.

As at the date of this Management Proxy Circular, the Corporation had 146,960,500 Common Shares issued and outstanding so that a maximum of 14,696,050 Common Shares would be available for issuance pursuant to the stock options granted under the Option Plan. Currently there are 9,515,000 stock options outstanding leaving 5,181,050 Common Shares available for grant of further options under the Option Plan.

The Option Plan was originally adopted by the shareholders of the Corporation in 2011 and most recently ratified by the shareholders of the Corporation in July 2020. In accordance with the policies of the TSX Venture Exchange, a rolling plan requires the approval of the Shareholders of the Corporation on an annual basis. Accordingly, the Corporation will be seeking the approval of its Shareholders to the ratification of the Option Plan at the Meeting. See "Particulars of Other Matters to be Acted Upon – Ratification and Re-Approval of Stock Option Plan".

Employment, Consulting and Management Agreements

Management functions of the Corporation are substantially performed by directors or senior officers (or private companies controlled by them, either directly or indirectly) of the Corporation and not, to any substantial degree, by any other person with whom the Corporation has contracted. Other than as disclosed below, there were no agreements or arrangements under which compensation was provided during the most recently completed financial year or is payable in respect of services provided to the Corporation or any of its subsidiaries that were: (a) performed by a director or named executive officer; or (b) performed by any other party but are services typically provided by a director or a named executive officer.

Compensation of Mr. Filip Kozlowski, Chief Executive Officer

The Corporation entered into an employment agreement (the "**Employment Agreement**") with Mr. Filip Kozlowski effective May 4, 2020. Pursuant to the Employment Agreement, Mr. Kozlowski provides the services of Chief

Executive Officer to the Corporation and receives a basic annual salary equivalent to C\$204,000 (“**Annual Salary**”) payable in Swedish Krona, exclusive of social security and employer contributions pursuant to tax laws in Sweden. Mr. Kozlowski may also participate in the Option Plan. In the event the Corporation terminates the Employment Agreement without cause or Mr. Kozlowski terminates the Employment Agreement for Good Reason (as defined in the Employment Agreement), Mr. Kozlowski’s will be entitled to receive a lump sum payment equal to one-fourth of his Annual Salary in effect as at the date of termination. In the event the Employment Agreement is terminated by either the Corporation without cause or by Mr. Kozlowski for Good Reason within six months of a Change of Control (as defined in the Employment Agreement), Mr. Kozlowski will be entitled to receive a lump sum payment equal to half of his Annual Salary in effect as at the date of termination.

Oversight and Description of Director and Named Executive Officer Compensation

The objectives of the Corporation’s executive compensation policy are to:

- Attract, retain and motivate executives critical to the success of the Corporation;
- Provide fair, competitive and cost-effective compensation programs to its executives;
- Link the interests of management with those of the holders of Common Shares; and
- Provide rewards for outstanding corporate and individual performance.

Director Compensation

The Board determines director compensation from time to time in its sole discretion. Directors of the Corporation are currently paid monthly fees of \$2,500 for serving on the Board. No Director of the Corporation is paid fees for serving on any committee of the Corporation. Directors are not paid for attending any committee or Board meetings. See “**Director and NEO Compensation, Excluding Options and Compensation Securities**”. Directors are entitled to receive compensation from the Corporation to the extent that they provide other services to the Corporation and any such compensation is based on rates that would be charged by such directors for such services to arm’s length parties. Directors are also entitled to be reimbursed for reasonable expenditures incurred in performing their duties as directors. See “**Stock Option Plan and Other Incentive Plans**” for a discussion on incentive stock options that may be awarded to Directors.

Named Executive Officer Compensation

The Board reviews the compensation payable to the Named Executive Officers on an annual basis, or periodically if needed.

The objective of the Board of Directors in setting compensation levels is to attract and retain individuals of high caliber to serve the Corporation, to motivate their performance in order to achieve the Corporation’s strategic objectives and to align the interests of the Named Executive Officers with the long-term interests of the Shareholders. These objectives are designed to ensure that the Corporation’s business continues to grow and develop.

The Board of Directors sets the compensation received by the Named Executive Officers so as to be generally competitive with the compensation received by persons with similar qualifications and responsibilities who are engaged by other companies of corresponding size and stage of development having similar assets, number of employees and market capitalization.

The Corporation compensates its Named Executive Officers based on their skill and experience levels and the existing stage of development of the Corporation. Named Executive Officers are rewarded on the basis of the skill and level of responsibility involved in their position, the individual’s experience and qualifications, the Corporation’s resources, industry practice, and regulatory guidelines regarding executive compensation levels.

The Board of Directors has implemented three levels of compensation to align the interests of the executive officers with those of the shareholders: First, Named Executive Officers are paid a monthly consulting fee or salary determined by the Board of Directors, if appropriate; secondly, the Board of Directors awards Named Executive Officers long term incentives in the form of stock options, if appropriate; and thirdly, and only in special circumstances, the Board of Directors may award cash or share bonuses for exceptional performance that Board believes results or is likely to result in a significant increase in shareholder value.

The base compensation of the Named Executive Officers is reviewed and set annually by the Board of Directors. The Chief Executive Officer has substantial input in setting annual compensation levels. The Chief Executive Officer is directly responsible for the financial resources and operations of the Corporation. In addition, the Chief Executive Officer and Board of Directors from time to time determine the stock option grants to be made pursuant to the Option Plan. Previous grants of stock options are taken into account when considering new grants. The Board of Directors awards bonuses at its sole discretion. The Board of Directors has not set any performance criteria or objectives.

The Board of Directors considers the implications of the risks associated with the Corporation's compensation policies and practices when determining rewards for its Named Executive Officers, and ensures that those policies do not encourage management to take inappropriate or excessive risks. The Board of Directors does not believe that there are any risks arising from the compensation programs that would be reasonably likely to have a material adverse effect on the Compensation.

Neither Named Executive Officers nor directors are permitted to take any derivative or speculative positions in the Corporation's securities. This is to prevent the purchase of financial instruments that are designed to hedge or offset any decrease in the market value of the Corporation's securities.

Compensation for the most recently completed financial year should not be considered as an indicator of expected compensation levels in future periods. All compensation is subject to and dependent on the Corporation's financial resources and prospects.

Pension Disclosure

The Corporation does not have any defined benefit or defined contribution pension plans in place which provide for payments or benefits at, following, or in connection with retirement for its directors or Named Executive Officers.

DIRECTORS' AND OFFICERS' INSURANCE

The Corporation has purchased, at its expense, directors' and officers' liability insurance for the protection of its directors and officers against liability incurred by them in their capacities as directors and officers of the Corporation and its subsidiaries.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than as set out below and elsewhere in this Management Proxy Circular, none of the proposed directors, directors or executive officers of the Corporation, a director or executive officer of a person or Corporation that is itself an informed person (as defined in National Instrument 51-102 - Continuous Disclosure Obligations) or subsidiary of the Corporation, nor any person or Corporation who beneficially owns, or controls or directs, directly or indirectly, Common Shares or a combination of both, carrying more than 10% of the voting rights attached to the outstanding Common Shares nor an associate or affiliate of any of the foregoing persons has since November 1, 2019 (being the commencement of the Corporation's last completed financial year) any material interest, direct or indirect, in any transactions which materially affected or would materially affect the Corporation or any of its subsidiaries.

During fiscal year 2020, Mr. Eric Krafft, a director of the Corporation, participated in two non-brokered private placement financings undertaken by the Corporation (the "Private Placements"). Pursuant to the Private Placements, Mr. Krafft acquired the following:

- (i) 13,000,000 units on December 30, 2019 (the "2019 Units"), with each 2019 Unit comprised of one Common Share of the Corporation and one share purchase warrant exercisable until December 30, 2023, to acquire one additional Common Share of the Corporation; and

As a result of the issuance of the 2020 Units to Mr. Krafft, Mr. Krafft now owns or exercises control of direction over 46,704,404 Common Shares, and 39,650,000 share purchase warrants exercisable to acquire an additional 39,650,000 Common Shares, representing approximately 31.78% of the issued and outstanding Common Shares on a non-diluted basis and 46.27% of the issued and outstanding Common Shares on a partially diluted basis assuming the exercise of the 39,650,000 warrants held by Mr. Krafft only. On closing of the August 2020 Private Placement, Mr. Krafft became a control person of the Corporation. As required by the Policies of the TSXV, the Corporation obtained Shareholder approval to the creation of a new control person at the last annual general meeting of the Corporation held on July 24, 2020.

CORPORATE GOVERNANCE

In accordance with the requirements of National Instrument 58-101 *Disclosure of Corporate Governance Practices* the Canadian Securities Administrators have issued guidelines on corporate governance disclosure for venture issuers as set out in Form 58-101F2. The disclosure addresses matters relating to constitution and independence of directors, the functions to be performed by the directors of a corporation, their committees and effectiveness and evaluation of proposed corporate governance guidelines and best practices. The Corporation's approach to corporate governance is set forth below.

Compensation Committee

The purpose of the Compensation Committee is to assist the Board of Directors in discharging its responsibilities with respect to appointing, compensation and evaluating and planning for the succession of officers and other senior management personnel of the Corporation; and approving the Corporation's annual budget. The Charter of the Corporation's Compensation Committee is attached to this Management Proxy Circular as Schedule "B".

Board of Directors

In determining whether a director is independent, the Corporation primarily considers whether the director has a relationship which could, or could be perceived to, interfere with the director's exercise of independent judgement. For the purposes of this disclosure, a director is independent if he or she would be independent within the meaning of section 1.4 of National Instrument 52-110 *Audit Committees*.

The Board is currently composed of three (3) directors and all members of the current Board are the proposed nominees for election as director at the Meeting. The following table sets forth the nominees for appointment to the Board, their independence or non-independence and the basis for that determination:

Name	Independent	Basis for Determination of Independence ⁽¹⁾
JOHANSSON, Lars-Eric	Yes	No material relationship
MAJOR, Daniel	Yes	No material relationship
KRAFFT, Eric	Yes	No material relationship

Notes:

1. Individuals who are, or have been within the last three years, an employee or executive officer of the Corporation, are considered to have, or have had, a material relationship with the Corporation, therefore these individuals do not satisfy the meaning of independence as set forth in section 1.4 of National Instrument 52-110 *Audit Committees*.

Directorships in Other Reporting Issuers

Certain current and proposed directors of the Corporation are also directors of other reporting issuers (or the equivalent) in a jurisdiction or a foreign jurisdiction as set forth in the following table:

Name	Name of Reporting Issuers
JOHANSSON, Lars-Eric	None
MAJOR, Daniel	GoviEx Uranium Inc.
KRAFFT, Eric	GoviEx Uranium Inc.

Orientation and Continuing Education

The Corporation has not developed an official orientation or training program for new directors, but they are encouraged to communicate with other directors, officers and employees as needed. New directors will have the opportunity to become familiar with the Corporation with full access to records, meeting with legal counsel, the auditors and various technical consultants. Orientation activities are tailored to the needs and expertise of each director and the overall needs of the Board. The Corporation does not have a formal program of continuing education for its directors but encourages its directors to attend continuing education seminars at the Corporation's expense, subject to prior approval by management of the Corporation. The Corporation also liaises with its legal counsel, auditors and other advisors to keep apprised of any developments and material changes to corporate governance and reporting policies affecting the Corporation and makes the directors aware of any such developments and changes.

Ethical Business Conduct

The Board encourages, monitors and promotes a culture of ethical business conduct of the Corporation and ensures that the Board complies with applicable legal and regulatory requirements, such as those of relevant securities commissions and stock exchanges. The Board has found that the fiduciary duties placed on individual directors by the Corporation's governing corporate legislation and the common law, as well as the restrictions placed by applicable corporate legislation on the individual director's participation in decisions of the Board in which the director has an interest, have been sufficient to ensure that the Board operates independently of management and in the best interests of the Corporation. To date, the Board has not adopted a formal written Code of Business Conduct and Ethics. As the Corporation grows in size and scope, the Board anticipates that it will formulate and implement a formal Code of Business Conduct and Ethics.

The Corporation currently has the following policies in place for its directors, officers, employees and consultants:

- Corporate Disclosure Policy;
- Insider Trading Policy; and
- Whistleblower Policy

Shareholders may visit the Corporation's website at www.leadingedgematerials.com to view copies of the above noted policies.

Nomination of Directors

When there is a need to fill a position on the Board, either due to a vacancy or as required to carry out the Board's duties effectively and maintain a breadth of experience, the Compensation Committee assists the current directors with identifying individuals qualified to become new Board members and potential candidates for consideration.

Compensation

The Compensation Committee reviews the compensation payable to the Named Executive Officers on an annual basis, or periodically if needed, and makes recommendations to the Board of Directors. The Board has the ability to adjust and approve such compensation.

The following table sets forth the members of the Compensation Committee as of the Record Date, their independence or non-independence and the basis for that determination:

Name	Independent ⁽¹⁾
JOHANSSON, Lars-Eric	No material relationship
MAJOR, Daniel	No material relationship

Notes:

1. Individuals who are, or have been within the last three years, an employee or executive officer of the Corporation, are considered to have or have had, a material relationship with the Corporation, therefore these individuals do not satisfy the meaning of independence as set forth in section 1.4 of National Instrument 52-110 *Audit Committees*.

Market comparisons, as well as evaluation of similar positions in different industries in the same geography, along with individuals experience and the diversity such individual brings to the Corporation's Board, are the criteria used in determining compensation.

Other Board Committees

The Board does not currently have any committees other than the Audit Committee and Compensation Committee.

Assessments

The Secretary or such other officer or employee will report to the Board or to a Committee of two or more Directors who may be designated from time to time to serve as the Committee for the Plan, all of the sitting members of which shall be current Directors. Notwithstanding the existence of any such Committee, the Board itself will retain independent and concurrent power to undertake any action hereunder delegated to the Committee, whether with respect to the Plan as a whole or with respect to individual Options granted or to be granted under the Plan.

3.2 Subject to the limitations of the Plan, the Board shall have full power to grant Options, to determine the terms, limitations, restrictions and conditions respecting such Options and to settle, execute and deliver Option Agreements and bind the Issuer accordingly, to interpret the Plan and to adopt such rules, regulations and guidelines for carrying out the Plan as it may deem necessary or proper, all of which powers shall be exercised in the best interests of the Issuer and in keeping with the objectives of the Plan.

3.3 Notwithstanding any provision of this Plan, the Board may, in its discretion grant Options as it sees fit, or otherwise accelerate the vesting or exercisability of any Option, eliminate or make less restrictive any restrictions contained in an Option, provide for the extension of the Option Period of an outstanding Option, waive any restriction or other provision of the Plan or an Option or otherwise amend or modify an Option in any manner that is either:

3.5 All administrative costs of the Plan shall be paid by the Issuer.

4. ELIGIBILITY FOR OPTIONS

4.1 Options may be granted to Directors, Senior Officers, Employees, Management Issuer Employees and Consultants of the Issuer and its Affiliates, including an issuer all the voting securities of which are owned by such Persons, who are, in the opinion of the Board or Committee, in a position to contribute to the success of the Issuer or any of its Affiliates or who, by virtue of their service to the Issuer or any predecessors thereof or to any of its Affiliates, are in the opinion of the Board or Committee, worthy of special recognition. Except as may be otherwise set out in this Plan, the granting of Options is entirely discretionary. Nothing in this Plan shall be deemed to give any Person any right to participate in this Plan or to be granted an Option and the designation of any Optionee in any year or at any time shall not require the designation of such Person to receive an Option in any other year or at any other time. The Board or Committee shall consider such factors as it deems pertinent in selecting participants and in determining the amounts and terms of their respective Options.

4.2 If an Optionee who is granted an Option is an Employee, Management Issuer Employee or Consultant of the Issuer or any of its Affiliates, the Option Agreement pertaining to such Option shall contain a representation by both the Issuer and the Optionee, and the Issuer and the Optionee will be responsible for ensuring and confirming, that the Optionee is a bona fide Employee, Management Issuer Employee or Consultant of the Issuer or its Affiliates.

4.3 Subject to any applicable regulatory approvals, Options may also be granted under the Plan in exchange for outstanding options granted by the Issuer or any predecessor Issuer thereof or any Affiliate thereof, whether such outstanding options were granted under the Plan, under any other stock option plan of the Issuer or any predecessor Issuer or any Affiliate thereof, or under any stock option agreement with the Issuer or any predecessor Issuer or Affiliate thereof.

4.4 Subject to any applicable regulatory approvals, Options may also be granted under the Plan in substitution for outstanding options of one or more other companies in connection with a plan of arrangement or exchange, amalgamation, merger, consolidation, acquisition of property or shares, or other reorganization between or involving such other companies and the Issuer or any of its Affiliates.

4.5 Options may also be granted to Eligible Charitable Organizations.

5. NUMBER OF SHARES RESERVED UNDER THE PLAN

5.1 The number of Shares that may be reserved for issuance under the Plan, is limited as follows:

(a) the maximum aggregate number of Shares reserved for issuance pursuant to the exercise of Options granted under the Plan shall be 10% of the Outstanding Issue as at the date of a stock option grant, provided that:

(i) if any Option subject to the Plan is forfeited, expires, is terminated or is cancelled for any reason whatsoever (other than by reason of exercise), then the maximum number of Shares for which Options may be granted hereunder shall be increased by the number of Shares which were the subject of such forfeited, expired, terminated or cancelled Option; and

- (ii) such maximum number of Shares shall be appropriately adjusted in the event of any subdivision or consolidation of the Shares;
- (b) if and for so long as the Shares are listed on the TSXV:
 - (i) the maximum aggregate number of Shares that may be reserved for issuance under Options granted to Insiders (as a group) pursuant to the Plan may not exceed 10% of the Outstanding Issue at the time of grant, unless the Issuer has obtained “disinterested shareholder” approval in accordance with the Policies of the TSXV; and
 - (ii) the maximum aggregate number of Options granted to Insiders (as a group) under the Plan together with any Other Share Compensation Arrangement within a 12 month period may not exceed 10% of the Outstanding Issue at the time of grant, unless the Issuer has obtained “disinterested shareholder” approval in accordance with the Policies of the TSXV;
- (c) if and for so long as the Shares are listed on the TSX Venture Exchange (excluding any senior stock exchange):
 - (i) the maximum aggregate number of Shares that may be reserved for issuance under Options pursuant to the Plan together with any Other Share Compensation Arrangement to any one Person (and Companies wholly owned by that Person) within a 12 month period shall not exceed 5% of the Outstanding Issue at the time of grant (unless the Issuer has obtained “disinterested shareholder” approval in accordance with the Policies of the TSX Venture Exchange);
 - (ii) the maximum aggregate number of Shares that may be reserved under the Plan or any Other Share Compensation Arrangement for issuance to any one Consultant within a 12 month period shall not exceed 2% of the Outstanding Issue at the time of grant; and
 - (iii) the maximum aggregate number of Shares that may be reserved under the Plan or any Other Share Compensation Arrangement for issuance to Persons who are conducting Investor Relations Activities within a 12 month period shall not exceed 2% of the Outstanding Issue at the time of grant;
- (c) subject to the policies of the TSXV an Option shall vest and may be exercised (in each case to the nearest full Share) during the Option Period in accordance with any vesting schedule as the Board may determine from time to time in its sole discretion.

5.2 The aggregate number of Options granted and outstanding to Eligible Charitable Organizations must not at any time exceed 1% of the Outstanding Issue, as calculated immediately subsequent to the grant of any Options to Eligible Charitable Organizations.

6. NUMBER OF SHARES PER OPTION

6.1 The number of Shares under an Option shall be determined by the Board or Committee, in its discretion, at the time such Option is granted, taking into consideration the Optionee’s present and potential contribution to the success of the Issuer and taking into account all other Options then held by such Optionee, but subject always to the limitations set forth in subsection 5.1.

7. HOLD PERIOD

- 7.1 In addition to any resale restrictions under the Securities Acts and any other circumstance for which a four month TSXV hold period may apply, any and all Options: (i) granted hereunder to an Insider; and (ii) granted at a discount to the Market Price, and all Shares issued on the exercise of such Options, will be subject to a four month TSXV hold period from the date the Options are granted, and the stock option agreements and the certificates representing such Options or Shares, as applicable, will bear the following legend:

“Without prior written approval of the TSX Venture Exchange and compliance with all applicable securities legislation, the securities represented by this certificate may not be sold, transferred, hypothecated or otherwise traded on or through the facilities of the TSX Venture Exchange or otherwise in Canada or to or for the benefit of a Canadian resident until **[four months + 1 day from the date of grant].**”

8. PRICE

- 8.1 The exercise price per Share under an Option shall be determined by the Board or Committee, in its discretion, at the time such Option is granted, but such price shall not be less than the closing price of the Shares on the TSXV on the trading day immediately preceding the day on which the Option is granted, less any allowable discount (provided that if there are no trades on such day then the last closing price within the preceding ten trading days will be used, and if there are no trades within such ten-day period, then the simple average of the bid and ask prices on the trading day immediately preceding the day of grant will be used) and, in any event, the exercise price per Share will not be less than \$0.10, being the minimum exercise price allowable under the Policies of the TSXV.
- 8.2 The exercise price at which, and the number of Optioned Shares for which, an outstanding Option may be exercised following a subdivision or consolidation of the Shares shall be subject to adjustment in accordance with section 12.
- 8.3 Subject to TSXV approval, the exercise price per Optioned Share under an Option may be reduced at the discretion of the Board or Committee if:
- (a) prior TSXV approval is obtained and at least six months has elapsed since the later of the date such Option was granted and the date the exercise price for such Option was last amended; and
 - (b) disinterested shareholder approval is obtained for any reduction in the exercise price under an Option held by an Insider of the Issuer;

provided that if the exercise price is reduced to less than Market Price, the TSXV four month hold period will apply from the date of the amendment and further provided that no such conditions will apply in the case of an adjustment made under subsection 5.1(a)(ii).

9. OPTION PERIOD AND EXERCISE OF OPTIONS

- 9.1 The Option Period for an Option shall be determined by the Board or Committee at the time the Option is granted and may be up to ten (10) years from the date the Option is granted (including, for the avoidance of doubt, any Options granted to an Eligible Charitable Organization). At the time an Option is granted, the Board or Committee may determine that, with respect to that Option, upon the occurrence of one of the events described in subsection 11.1 there shall come into force a time limit for exercise of such Option which is different than the Option Period, and in

the event of such a determination, the Option Agreement for such Option shall contain provisions which specify the events and time limits related to that determination. Subject to the applicable maximum Option Period provided for in this subsection 9.1 and subject to applicable regulatory requirements and approvals, the Board or Committee may extend the Option Period of an outstanding Option beyond its original expiration date, (whether or not such Option is held by an Insider) if the following requirements are satisfied:

- (a) the term of the Option is not extended so that the effective term of the Option exceeds ten (10) years in total; and
- (b) the Option has been outstanding for at least one year at the time of extension.

9.2 If the Option Period for an Option expires during a Blackout Period, the Option Period will be automatically extended, without prior Board or Committee approval, to the date that is 10 business days after the expiry of the Blackout Period unless the applicable Optionee or the Issuer is subject to a cease trade order (or similar order under securities laws) in respect of the Issuer's securities.

9.3 If and for so long as the Shares are listed on the TSX Venture Exchange (excluding any senior stock exchange), Options issued to Consultants who perform Investor Relations Activities will be subject to a vesting schedule of at least 12 months whereby no more than 25% of the options granted may be vested in any three month period.

9.4 If there is a takeover bid made for all or any of the issued and outstanding Shares, then all outstanding Options, whether fully vested and exercisable or remaining subject to vesting provisions or other limitations on exercise, shall be exercisable in full to enable the Shares subject to such Options to be issued and tendered to such bid.

9.5 The vested portions of Options will be exercisable, in whole or in part, at any time after vesting. If an Option is exercised for fewer than all of the Shares for which the Option has then vested, the Option shall remain in force and exercisable for the remaining Shares for which the Option has then vested, according to the terms of such Option.

9.6 The exercise of any Option will be contingent upon receipt by the Issuer of cash payment in full for the exercise price of the Shares being purchased by way of certified cheque, wire transfer or bank draft. Neither an Optionee nor the legal representatives, legatees or distributees of such Optionee will be, or will be deemed to be, a holder of any Shares subject to an Option under the Plan unless and until certificates for such Shares are issuable to the Optionee or such other Persons pursuant to the Option or the Plan.

10. STOCK OPTION AGREEMENT

10.1 Upon the grant of an Option to an Optionee, the Issuer and the Optionee shall enter into an Option Agreement setting out the number of Shares subject to the Option, the Option Period and the vesting schedule for the Option, if any, and incorporating the terms and conditions of the Plan and any other requirements of regulatory authorities and stock exchanges having jurisdiction over the securities of the Issuer, together with such other terms and conditions as the Board or Committee may determine in accordance with the Plan.

11. EFFECT OF TERMINATION OF EMPLOYMENT OR DEATH

11.1 An outstanding Option shall remain in full force and effect and exercisable according to its terms for the Option Period until the Optionee ceases to be a Director, Employee, Non-Employee

- Director, Management Issuer Employee, Senior Officer or Consultant of the Issuer for any reason, excluding death or termination for cause, after which time the Option will expire within 90 days or, for those Optionees engaged in Investor Relations Activities, the Options will expire within 30 days of the cessation date, unless, the Board or Committee, at its own discretion, agrees to extend the period.
- 11.2 In the event that the Optionee, shall cease to be a Director, Senior Officer, Employee, Management Issuer Employee, or Consultant of the Issuer for termination for cause, the Option shall terminate and shall cease to be exercisable upon such termination for cause.
- 11.3 In the event of the death of an Optionee, an Option which remains exercisable may be exercised in accordance with its terms by the Person or Persons to whom such Optionee's rights under the Option shall have passed under the Optionee's will or pursuant to law, for a period not exceeding the earlier of one year from the Optionee's death and the original expiry date of such Option.
- 11.4 A Charitable Option shall terminate and shall cease to be exercisable on the 90th day following the date that the holder of the Charitable Option ceases to be an Eligible Charitable Organization.
- 12. ADJUSTMENT IN SHARES SUBJECT TO THE PLAN**
- 12.1 Following the date an Option is granted, the exercise price for and the number of Shares which are subject to an Option will be adjusted, with respect to the then unexercised portion thereof, in the events and in accordance with the provisions and rules set out in this section 12, with the intent that the rights of Optionees under their Options are, to the extent possible, preserved and maintained notwithstanding the occurrence of such events. Any dispute that arises at any time with respect to any adjustment pursuant to such provisions and rules will be conclusively determined by the Board or Committee, and any such determination will be binding on the Issuer, the Optionee and all other affected parties.
- 12.2 If the outstanding Shares are changed into or exchanged for a different number of shares or into or for other securities of the Issuer or securities of another Corporation or entity, whether through an arrangement, amalgamation, merger, business combination, sale or other similar procedure or otherwise, or a share recapitalization, subdivision or consolidation, then on each exercise of the Option which occurs following such events, for each Optioned Share for which the Option is exercised, the Optionee shall instead receive the number and kind of shares or other securities of the Issuer or other Corporation into which such Share would have been changed or for which such Share would have been exchanged if it had been outstanding on the date of such event and the exercise price will be similarly adjusted so that the aggregate price to exercise the Option is preserved, and if the Issuer undertakes an arrangement or is amalgamated, merged or combined with another Corporation, the Board shall make such other provision for the protection of the rights of Optionees as it shall deem advisable.
- 12.3 If the outstanding Shares are changed into or exchanged for a different number of shares or into or for other securities of the Issuer or securities of another Corporation or entity, in a manner other than as specified in subsection 12.2, then the Board or Committee, in its sole discretion, may make such adjustment to the securities to be issued pursuant to any exercise of the Option and the exercise price to be paid for each such security following such event as the Board or Committee in its sole and absolute discretion determines to be equitable to give effect to the principle described in subsection 12.1, and such adjustments shall be effective and binding upon the Issuer and the Optionee and all the other parties for all purposes.
- 12.4 No adjustment or substitution provided for in this section 12 shall require the Issuer to issue a fractional share in respect of any Option. Fractional shares shall be eliminated.

12.5 The grant or existence of an Option shall not in any way limit or restrict the right or power of the Issuer to effect adjustments, reclassifications, reorganizations, arrangements or changes of its capital or business structure, or to amalgamate, merge, consolidate, dissolve or liquidate, or to sell or transfer all or any part of its business or assets.

12.6 Notwithstanding any other provision of the Plan, a Charitable Option may not be amended or may subject to amendment after its grant other than to give effect to this Section 12 or to provide for the cancellation of the Charitable Option in order to enable the Issuer to comply with section 5.2.

13. NON-ASSIGNABILITY

13.1 The Options under the Plan shall not be assignable or otherwise transferable, except as specifically provided in subsection 11.3 in the event of the death of the Optionee. During the lifetime of the Optionee, all Options may only be exercised by the Optionee.

14. EMPLOYMENT

14.1 Nothing contained in the Plan shall confer upon any Optionee, or any Person employing a Management Issuer Employee, any right with respect to employment or continuance of employment with, or the provision of services to, the Issuer or any of its Affiliates, or interfere in any way with the right of the Issuer or any of its Affiliates to terminate the Optionee's employment or the services of any such Person at any time. Participation in the Plan by an Optionee is voluntary.

15. REGULATORY ACCEPTANCES

15.1 The Plan is subject to the acceptance of the Plan for filing by the TSXV, and the Board or Committee is authorized to amend the Plan from time to time in order to comply with any changes required from time to time by such applicable regulatory authorities, whether as conditions to the acceptance for filing of the Plan or otherwise, provided that no such amendment will in any way derogate from the rights held by Optionees holding Options (vested or unvested) at the time thereof without the consent of such Optionees.

15.2 The obligation of the Issuer to issue and deliver Shares pursuant to the exercise of any Options granted under the Plan is subject to the acceptance of the Plan for filing by the TSXV. If any Shares cannot be issued to any Optionee for any reason, including, without limitation, the failure to obtain such acceptance for filing, then the obligation of the Issuer to issue such Shares shall terminate and any amounts paid to the Issuer for such Shares shall be returned to the Optionee forthwith without interest or deduction.

16. SECURITIES REGULATION AND TAX WITHHOLDING

16.1 Where necessary to enable the Issuer to use an exemption from requirements to register Shares or file a prospectus or use a registered dealer to distribute Shares under securities laws applicable to the securities of the Issuer in any jurisdiction, an Optionee, upon the acquisition of any Shares on the exercise of Options and as a condition to such exercise, shall provide to the Board or Committee such evidence as the Board or Committee requires to demonstrate that the Optionee or recipient will acquire such Shares with investment intent (i.e. for investment purposes) and not with a view to their distribution, including an undertaking to that effect in a form acceptable to the Board or Committee. The Board or Committee may cause a legend or legends to be placed upon any certificates for the Shares to make appropriate reference to applicable resale restrictions, and the Optionee or recipient shall be bound by such restrictions. The Board or Committee also may take such other action or require such other action or agreement by such Optionee or proposed

recipient as may from time to time be necessary to comply with applicable securities laws. This provision shall in no way obligate the Issuer to undertake the registration or qualification of any Options or the Shares under any securities laws applicable to the securities of the Issuer.

- 16.2 For all purposes of the Plan, the Issuer may take all such measures as it deems appropriate or necessary to comply with applicable laws, including income tax laws and securities laws and regulations, as well as the rules of regulatory authorities having jurisdiction over the Issuer or in respect of the securities of the Issuer. Without limitation to the foregoing, the Issuer may withhold and remit to tax authorities such sums which might otherwise be due or accruing due by the Issuer to an Optionee, if such withholding and remittance are required under applicable income tax laws in connection with the grant or exercise of the Optionee's Options.
- 16.3 The Issuer may withhold from any amount payable to a participant (a "Participant"), either under the Plan or otherwise, such amount as may be necessary to enable the Issuer to comply with the applicable requirements of any federal, provincial, state or local law, or any administrative policy of any applicable tax authority, relating to the withholding of tax or any other required deductions with respect to awards hereunder ("Withholding Obligations"). The Issuer shall also have the right in its discretion to satisfy any liability for any Withholding Obligations by selling, or causing a broker to sell, on behalf of any Participant such number of Shares issued to the Participant pursuant to an exercise of Options hereunder as is sufficient to fund the Withholding Obligations (after deducting commissions payable to the broker), or retaining any amount payable which would otherwise be delivered, provided or paid to the Participant hereunder. The Issuer may require a Participant, as a condition to the exercise of an Option to make such arrangements as the Issuer may require so that the Issuer can satisfy applicable Withholding Obligations, including, without limitation, requiring the Participant to (i) remit the amount of any such Withholding Obligations to the Issuer in advance; (ii) reimburse the Issuer for any such Withholding Obligations; or (iii) cause a broker who sells shares acquired by the Participant under the Plan on behalf of the Participant to withhold from the proceeds realized from such sale the amount required to satisfy any such Withholding Obligations and to remit such amount directly to the Issuer.
- 16.4 Any Shares of a Participant that are sold by the Issuer, or by a broker engaged by the Issuer (the "Broker"), to fund Withholding Obligations will be sold as soon as practicable in transactions effected on the exchange on which the common shares of the Issuer are then listed for trading. In effecting the sale of any such Shares, the Issuer or the Broker will exercise its sole judgment as to the timing and manner of sale and will not be obligated to seek or obtain a minimum price. Neither the Issuer nor the Broker will be liable for any loss arising out of any sale of such Shares including any loss relating to the manner or timing of such sales, the prices at which the Shares are sold or otherwise. In addition, neither the Issuer nor the Broker will be liable for any loss arising from a delay in transferring any Shares to a Participant. The sale price of Shares sold on behalf of Participants will fluctuate with the market price of the Issuer's shares and no assurance can be given that any particular price will be received upon any such sale.
- 16.5 Issuance, transfer or delivery of certificates for Shares acquired pursuant to the Plan may be delayed, at the discretion of the Board or Committee, until it is satisfied that the requirements of applicable laws and regulations, and applicable rules of regulatory authorities, have been met.

17. AMENDMENT AND TERMINATION OF PLAN

- 17.1 The Board reserves the right to amend or terminate the Plan at any time if and when it is deemed advisable in the absolute discretion of the Board; provided, however, that no such amendment or termination shall adversely affect any outstanding Options granted under the Plan without the consent of the Optionee. Any amendment to the Plan shall also be subject to acceptance of such

amendment or amended Plan for filing by the TSXV and, where required by the TSXV, the approval of the shareholders of the Issuer.

18. NO REPRESENTATION OR WARRANTY

18.1 The Issuer makes no representation or warranty as to the future market value of any Shares.

19. GENERAL PROVISIONS

19.1 Nothing contained in the Plan shall prevent the Issuer or any of its Affiliates from adopting or continuing in effect other compensation arrangements (subject to shareholder approval if such approval is required by TSXV) and such arrangements may be either generally applicable or applicable only in specific cases.

19.2 The validity, construction and effect of the Plan, the grant of Options, the issue of Shares, any rules and regulations relating to the Plan any Option Agreement, and all determinations made and actions taken pursuant to the Plan, shall be governed by and determined in accordance with the laws of the Province of British Columbia.

19.3 If any provision of the Plan or any Option Agreement is or becomes or is deemed to be invalid, illegal or unenforceable in any jurisdiction or as to any Person or Option, or would disqualify the Plan or any Option under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to the applicable laws, or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Option, such provision shall be stricken as to such jurisdiction, Person, or Option and the remainder of the Plan and any such Option Agreement shall remain in full force and effect.

19.4 Neither the Plan nor any Option shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Issuer or any of its Affiliates and an Optionee or any other Person.

19.5 Headings are given to the sections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof.

20. TERM OF THE PLAN

20.1 The Plan shall be effective as of July 24, 2020, and is subject to approval by the shareholders of the Issuer on a yearly basis at the Issuer's meetings of shareholders and acceptance for filing by the TSXV pursuant to section 15.

20.2 The Plan shall be effective until the Plan is terminated by the Board pursuant to section 17, and no Option shall be granted under the Plan after that date. Unless otherwise expressly provided in the Plan or in an applicable Option Agreement, the Option Period for any Option granted hereunder will, and any authority of the Board to amend, alter, adjust, suspend, discontinue or terminate any such Option or to waive any conditions or rights under any such Option shall, continue after termination of the Plan notwithstanding such termination.
